AVP @JPMC | Tech Lead | AGentic AI | Micro Front Ends | Automation | Camunda | AWS Certified India

Summary

With over 5 years of professional experience, I am currently serving as Associate Vice President at JPMorgan Chase & Co., contributing to cloud-native solutions and leveraging Kubernetes and AWS for scalable, efficient systems. Previously, I was a software engineer within the same organization, focusing on software development that was aligned with business needs. Passionate about empowering teams to deliver innovative banking technology, aligning with the company's mission to transform financial services through cutting-edge infrastructure. Dedicated to collaborative problem-solving and fostering growth in cloud technologies.
